Ganesh M

Full Stack Developer | React | Angular | Node.js | MongoDB
Chennai, Tamil Nadu, India | ganeshm.builds@gmail.com | +91 78711 12862

PROFESSIONAL SUMMARY

Full Stack Developer with 5+ years of experience building scalable, enterprise-grade web applications using React, Angular, Node.js, and MongoDB. Experienced in SaaS platforms, role-based access systems, REST APIs, and third-party integrations. Strong focus on clean architecture, performance, and delivering secure, maintainable solutions.

TECHNICAL SKILLS

- Frontend: React.js, Angular, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap
- Backend: Node.js, Express.js
- Database: MongoDB, MySQL
- Tools & DevOps: Git, GitHub, Jenkins, Nginx, Postman, CI/CD

PROFESSIONAL EXPERIENCE

Full Stack Developer — Innovatiq IT Consulting (May 2022 – Present)
- Developed and maintained enterprise-level Angular and React applications with modular architecture.
- Built RESTful APIs using Node.js and Express.js to support scalable backend services.
- Implemented role-based access control and authentication workflows.
- Integrated third-party services including Zoom, Microsoft Teams, and Singpass authentication.
- Supported CI/CD pipelines and deployments using Jenkins and Nginx.

KEY PROJECTS

Learning Management System (LMS)
SaaS-based platform with Super Admin, Admin, Trainer, and Student roles. Includes course management, exams, student enrollment, reporting, online proctored exams, and third-party integrations.

Securon – Vulnerability Management Platform
Automated vulnerability detection using NVD CVE feeds. Provides severity analysis, patch recommendations, auto and manual patching workflows, and real-time security alerts.

ADDITIONAL PROJECTS

- Smart Expense Tracker – Expense tracking and budget visualization app.
- Recipe Application – Recipe browsing app with API integration and responsive UI.
